Date : 07/07/2017

Dear Parent,

In order to provide a safe environment for children and to alleviate as much traffic congestion as possible, we would ask you to read and follow these guidelines.

### **PARKING OUTSIDE SCHOOL:**

There is so much of chaos caused by undisciplined way in which the vehicles are parked that it not only inconveniences the residents of the surrounding buildings, commuters trying to use the road as throughway but also Our Own Students and Staff. Parents are kindly requested to note the following instructions:

- Vehicles Cannot be parked in front of the school gates, this includes two wheelers, vans, cars & auto rickshaws.
- Double and Triple parking of vehicles will not be permitted.
- Parents dropping their wards in cars / two wheelers should park the vehicle and walk their child to the school rather than parking outside the gate and holding up the traffic.
- The noise pollution caused by honking of horns needs to be avoided especially near school building.
- Our security staff / school personnel will be monitoring daily dispersal. Please listen to them and do not get into any argument. We need to ensure that we co-operate with them and interact with them with a respectful attitude, after all the intention behind all this is your child's safety.

### **PRIVATE VANS:**

The school is not in favour of private van services and will not be responsible for any issues with regards to the same. These vehicles are overloaded and driven recklessly which may lead to mishaps and untoward incidents.

However the unauthorised and illegal private vehicles are not complying with any RTO rules and regulations thereby causing serious concern for the safety of the School student.

Following are some of the RTO norms which private unauthorized service provider do not follow:

- Vehicle – school bus / school van is not according to the norms
- Overloading
- No fire extinguisher in the vehicles
- Police verification and background check of drivers is not done.
- No lady attendant in the vehicle
- Run on gas etc.

Remember, these guidelines are meant for you and your child's safety and cannot be a one-sided effort. While we are reiterating student conduct all the time, we expect the same from adults.

We are requesting your kind co-operation in streamlining the situation outside the school; this is in the interest of our own children.

We hope that all the parents will understand our concern and abide by all these norms.

Warm regards,

Mrs. Shilpa Gujare  
Principal.
